

# Dagoba, Maniak

Get up !  
Brutality, in action  
Be me becoming an animal  
Blue eyes, bloody sight  
Ready for a fatal fight  
Maniak !  
Anal way to explain you  
This hate I feel is all for you  
Prepare yourself to be killed  
Time has come for me to crush you  
Get up !Wake up !

Maniak !Born to kill...  
Maniak !Born to kill...

Slave to violence  
Destroyer of innocence  
Genetic decadence  
Rituals ,voodoo dance  
Maniak !  
Rape flashes ,mad obsessions  
Sodomy, strangulation  
Watch your movie stars on t.v  
Let me paint unforgiven scars on your skin  
Get up !Wake up !

Maniak !Born to kill...  
Maniak !Born to kill...

High level of adrenaline  
Let me push you down into your coffin  
Mouth open, still hot breath  
Disillusions, death is real  
Maniak !  
The bloody color of your red fluid  
Lay in a bed of hemoglobin  
By killing you I build myself  
Your dead sight reflecting my face !
