

Daiki Kasho, What To Believe

What's being said,
What's in your head
What's in the words that we believe,
Bop to the sound
Drop what you got
Cause it's a song inside of me,
I can see your face
I can feel the sea
I see that it's a part of me,
Let's break their trance
Let's make them dance
So see what we are meant to be.

Might be the end
Might be the start
Could be the air that lies between,
Could be the song
Could be the beat
Could be the words that set you free,
You say believe
I don't believe
I can't believe in what you say,
I'd rather be
A part of me
A part that you you'll never see.

Tell us what we should believe.

What's on the beach
What's in the air
What's in the water that we drink,
Could be a spell
Could be a dream
Could be the demons inside me,
Now I need a thrill
And I need a kill
I need release from what we build,
It's not a place
And not a face
It's just a place to contemplate.

I can be the wind
I can be the sail
I'll be the skate beneath your feet,
All I wanna see
All I wanna feel
I want to know it's soon to be,
You say believe
I don't believe
I can't believe in what you say,
I'd rather be
A part of me
A part that you you'll never see.

Tell us what we should believe.

What's being said,
