

Daisy Chainsaw, The Future Free

All all for the future free so free
all all for the future free free so free

{chorus}

for god we stood

the right

do as we should

just for you my boy

keep you from the common ploy

just for you my girl

when I'm dead and gone

{chorus}

Do as it takes

for all our sakes

must save our race

just for the Union Jack

don't you feel so proud of that?

just for the Stars & Stripes

we'd pay the highest price

{chorus}
