

# Daisy Tripping, I Got A Girl

I got a girl who lives with me  
I got a girl she smells so sweetly  
I got a girl she loves her dog  
I got a girl i love her dog too  
I got a girl who stares in the mirror  
I got a girl who blames it on her period  
I got a girl she is so right  
I got a girl she's my guiding light

Well i know, i need, i feel we're going higher and higher  
Well i know, i need, i feel we're going higher and higher

I got a girl who loves good soul  
I got a girl who dances the disco  
I got a girl who wears cool shoes  
I got a girl who wears them in the nude!  
I got a girl who speaks her mind  
I got a girl she'll argue anytime  
I got a girl she is so small  
I got a girl she'll knock down any wall

Well i know, i need, i feel we're going higher and higher  
Well i know, i need, i feel we're going higher and higher

Get a load of this  
she's always bitching at me when I'm feeling down,  
Asking questions with her little frown,  
I can't take much more of this, i'm out.....

Get a load of this  
she's always bitching at me when I'm feeling down,  
Asking questions with her little frown,  
I can't take much more of this , i'm out.....

I got a girl i never wanna miss  
I got a girl who's my best friend  
I got a girl that won't even hold my hand

I got a girl i'll make her laugh too  
I got a girl she has girlfriends  
I got a girl i like her girlfriends
