## Dalbello, Wait For An Answer

Someone told me to call So I did and No one answered

And I don't hear a sound But I know that someone's laughing

I'm trying hard to keep my confidence You take advantage of my innocence

CHORUS
Where are you?
How are you?
I Wait For An Answer
Wait For An Answer
It's been so long, I'll hold on
And Wait For An Answer
Wait For An Answer

No one knows you, what you go through... oh but i do Phone keeps ringing... no one knows what you're thinking, Oh but i do, i do, i do

They were laughing at you And I held out my hand I was trying to get through Without losing again

CHORUS
Where are you?
How are you?
I Wait For An Answer
Wait For An Answer
It's been so long, I'll hold on
And Wait For An Answer
Wait For An Answer

What's that you say? I can't hear you Are those words meant for me like they appear to be? The tension in my voice awakes you You know who I am but my name escapes you

They were calling for you And you started to run If they asked about you I wouldn't tell anyone

CHORUS
Where are you?
How are you?
I Wait For An Answer
Wait For An Answer
It's been so long, I'll hold on
And Wait For An Answer
Wait For An Answer
Wait For An Answer

## **BRIDGE**

The kind of woman I am I do things that you can't understand But there are moments when you can read the lines on my face Don't look at me now, look at me now!

CHORUS
Where are you?
How are you?
I Wait For An Answer
Wait For An Answer
It's been so long, I'll hold on
And Wait For An Answer
Wait For An Answer
You make me wait
You make me wait

Someone told me to call
