

Dalbello, You Could Be Good For Me

Maybe I don't wanna use you
But I'd like to make you part of the plan
Over and over you refuse to let me
Try to make you understand

CHORUS

You Could Be Good For Me
Yeah good for me
You Could Be Good For Me
So very good for me

If you said "No," I wouldn't hold it against you
I'd rather hold you in the palm of my hand
Trying over and over to persuade you
'Cause I'm still a woman without a man

CHORUS

You Could Be Good For Me
Yeah good for me
You Could Be Good For Me
So very good for me

BRIDGE

Over and over I found that
There ain't no way of getting around that
