These Lyrics are Vastly, Vastly Wrong. Sing them at your own risk, LyricWiki takes no responsibility.

gonna lose my way  
see its bout been time  
gonna rent my eye's  
see the world upside down

gonna lose my faith  
sell the man i am  
cracking in a crime bust street  
rockin in my hell

yeah yeah!

all the boys like gettin things  
and the girls like gettin high  
theres a party going down tonight

gonna take my brain  
gonna spill my bones  
gotta boose my my taste  
gonna pick my nose

when it all comes down  
gonna break my heart  
buddy's got a little crime spree

come on come on

yeah

all the boys like gettin things  
and the girls like gettin high  
theres a party going down tonight

yeah

all the boys like gettin things  
and the girls like gotten high  
theres a party going down tonight

goona see my way...going down  
i'll bet you wanna stay

going to take my friend  
to the north side town  
gonna rest my bum; till the moon comes down  
and the minute i wait  
gonna set my mode  
gonna going on a killer crime spree  
where all the old cats go

all the boys like gettin things  
and the girls like gotten high  
theres a party going down tonight

yeah

all the boys like gettin things  
and the girls like gotten high  
theres a party going down tonight

i'll bet you wanna stay

all the boys like gettin things  
and the girls like getten high  
theres a party going down tonight

aw aaa...

come get it all  
come get it all
