

# Dalvin DeGrate, She Wanted

[Intro]

Come on, uh uh uh uh

Yeah, check check check, yeah

Ay Rob, turn me up a little please

I mean turn the headphones up, the music

Yeah yeah, yeah yeah yeah, uh

Check it, check, uh uh uh, come on

1 - She wanted me to freak her from behind

I'm bout to lose my mind, anytime

From the moment she came up through the door

I knew it was trouble I was headed for

Then she told me what she wants she gets

Until she had me, she wasn't gon' quit

She was movin' fast, my feet was movin' slow

That's when I knew I had to let her go

I was at the mall shopping the other day

I met this girl who said she's buyin' lingerie

Uh, but when she spoke

She had this strange look in her eyes

She dropped her bags

And then she turned around and said to me

Repeat 1

But all she wanted

2 - All she wanted was a chance to fall in love

And when she saw me, then she said I was the one

If she want it, she'll tell me, what would you do?

Is this real or is it too good to be true?

Now all my friends thinkin' I'm slippin' off my game

Cuz I'm chillin' with this girl like everyday

But they don't know the things she do to me when we're alone

Cuz if they did, they would be tryna have her for their own

Girl

Repeat 1

Repeat 2

Repeat 2

She wanted me to freak her

(Sexy young thang)

She wanted me to freak her

(I can't leave ya alone girl)

She wanted me to freak her

She wanted me to freak her

(Ooh, she wanted)

Repeat 2

(All she wanted)

My cell phone's ringing

(All she wanted)

Hello?

(All she wanted)

Yeah, I'm in the vocal booth

(All she wanted)
