

# Damage, Ghetto Romance (U

Just another friday night  
In the club on lady's night  
Nothing really looking hot  
'bout to bounce to another spot  
She appeared across the bar  
Such a bad ass superstar  
Body like a race car  
Can we share a drink it's on me

Pour a drink for my shorty right here  
Throw it down  
Give me the next dance  
Cause I need me some Ghetto Romance  
Tell your girls that you're rolling with me  
In a Bentley  
And you had a change of plans  
Cause you need you some Ghetto Romance

Sippin' Moet and Alize'  
Tongue kissing, thinking 'bout the love we can make  
Gotta get her home  
Gotta make her moan  
Gotta think of all the right words to say  
Incredible so incredible  
Break you down make you purr like an animal  
You make me wanna lay you on the bar  
And give you this love.

You're so sexy  
It's killing me  
Every little move you make  
the way you make you shake  
The way you back into me  
You're so lovely  
The way you dance with me  
Let's go back to the bar  
And sip on something nice before we leave.

Pour a drink for my shorty right here  
Throw it down  
Give me the next dance  
Cause I need me some Ghetto Romance  
Tell your girls that you're rolling with me  
In a Bentley  
And you had a change of plans  
Cause you need you some Ghetto Romance
