

Damage, Love Li Love

CHORUS

I love II love

I love II love you

Nobody can change my mind

Your one if a kind

I love II love

I love II love you

No one loves me better it's true

Was not so long ago

That I was all alone

I had so much doubt in me

I had so many dreams

But fear got the best of me

Then came you to set me free

RISE

So more than you no your the one

Who really really changed my life

Now whether I win or lose

I will never be afraid to try, thats why

CHORUS

I love II love

I love II love you

Nobody can change my mind

Your one of a kind

I love II love

I lovell love you

No one loves me better it's true

You taught me how to dream

That no goals beyond my reach so now I reach for the sky

Love me with honesty

Showed me what the word should mean

Now your all I need to get by

RISE

So more than you know your the one

Who really really changed my life

Now whether I win or lose

I will never be afraid to try, thats why

(CHORUS TO FADE)
