

# Damian Marley "Jr. Gong", Half Way Tree (Interlude)

Yow! You can imagine that some people never see a coconut tree?

Some people never even see a lizard, or a donkey, a yam hill, a river you nuh?

Well where I come from, yuh know I mean, where we can hear the birds in the morning time yuh un

So that is why this is 'Half Way Tree' cause this is where, this is where the sewers will meet the river
