Goodbye friend, I wanted to take you to see grace lands

You would have liked in fact you would have loved to see the Kings wastelands,  
But I'll sing for you this song.

Goodbye friend I promised to take you to see grace lands you would have liked in fact you  
Would have loved to see the Kings wastelands but I'll sing for you this song.

No I don't believe no I can't believe that you've left and gone, no I can't believe, no I can't conceive t

Meaning of you loss, it makes me so dam cross..

It don't seem right it don't seem natural, it don't seem good it don't seem like it  
Should, without you, without you, without you.
