

Damien Rice, I Don't Want To Change You

Wherever you are
Well, know that I adore you
No matter how far
Well, I can go before you
And if ever you need someone
Well, not that you need helping
But if ever you want someone
I know that I am willing

Oh and I don't want to change you
I don't want to change you,
I don't want to change your mind
I just came across an angel
Out among the danger
Somewhere in a strangers' eyes

Wherever you go
Well, I can always follow
I can feed this real slow
If it's a lot to swallow
And if you just want to be alone
Well, I can wait without waiting
And if you want me to let this go
Well, I am more than willing

O 'cause I don't want to change you
I don't want to change you,
I don't want to change your mind
I just came across an angels
Out among the danger
Somewhere in a stranger's eye

O and I don't want to change you
I don't want to change you,
I don't want to change your mind
I just came across an angel
Out among the danger
Somewhere in a stranger's eye

I've never been with anyone
In the way I've been with you
But if love is not for fun,
Then it's doomed, 'cause

Water races,
Water races down the waterfall,
The water races,
Water races down the waterfall

And I don't want to change you
I don't want to change you,
I don't want to change your mind
I just came across an angel
Where there is no danger
Where love has eyes and is not blind
