

# Damnation, Pagan Prayer

(lyrics: Varien)

I look at the abyss  
On the altars of blasphemy  
Hate, pain... Fruits of reality  
My tears fill the soul's emptiness

Demon in my mind  
Pagan prayer...

Sinful whispers... Sinful face  
I surrender to Dark Side  
I bow to unholy cults  
Pentagram shines in light

I trample the cross of hypocrisy  
I derive the might  
I despise weakness  
My will exterminate everything!!!
