

Damnation, Uphuckinsuck

You can sink or you can swim
On the streets of New Orleans
Over heard the horror stories
of Nicaragua jails
Devil's got a voodoo doll
Sticking needles through your face
Wrath of late Marie Leveau
Leave em pissing down your leg

Chorus:

Heads will roll

We rip it up

Uphuckinsuck (x2)

Because we rule

& rip it up

Uphuckinsuck (x2)

Tearing through every set

Like it's the last we'll play

Stuff those f**ks in body bags

& send them on their way

No one digs a super kook

Jacking our parade

Speed ball and go Belushi

Let a dumpster be your grave (x2)

Chorus

Over dose of reality

That's the cure for your disease

Uphuckinsuck (x2)
