

# Damnation, What Doesn't Kill

True test of adversity  
10 year anniversary  
Never can we understand  
What doesn't kill  
Builds a stronger will indeed  
November nine, eighty-nine  
Plow it under fascist high  
Never were we occupied  
What doesn't kill  
Builds a stronger will indeed  
Chorus:  
Rely on will alone  
Die on will alone  
Dust to dust all over the world  
Monday sucks all over the world  
Rely on will alone  
Cemetary offering  
Marijuana medicine  
Every day is Halloween  
What doesn't kill  
Builds a stronger will indeed  
Chorus  
What doesn't kill?!!
