

Damned, Disco Man

Take my hand disco man
Are you just a one night stand?
Have some fun jump the gun
But what's left when it's all done

But who are you taking for a ride
Disco Man
Better to run or else to hide
Disco Man
Disco Man

Tall and neat watch his feet
Got the jist he's all complete
Understand disco man's
Heading for the garbage can

Have you just crossed a bridge too far
Disco Man
Jump in a cab and steal a car
the worse in the land
Disco Man
one night stand
Disco Man
I can't understand
Disco Man

What are you doing
Your life's in a ruin
You're out of our head
You ought to be dead

Down the stairs no-one cares
He who wins is he who dares
Rock n Roll lose control
Just forget you're on the dole

But who are you taking for a ride
Disco Man
Better to run or else to hide
worst in the land
Disco Man
one night stand
Disco Man
I can't understand
Disco Man

Are you ready
Are you ready
For the disco man
