

# Damned, Disco Man

Take my hand disco man  
Are you just a one night stand?  
Have some fun jump the gun  
But what's left when it's all done

But who are you taking for a ride  
Disco Man  
Better to run or else to hide  
Disco Man  
Disco Man

Tall and neat watch his feet  
Got the jist he's all complete  
Understand disco man's  
Heading for the garbage can

Have you just crossed a bridge too far  
Disco Man  
Jump in a cab and steal a car  
the worse in the land  
Disco Man  
one night stand  
Disco Man  
I can't understand  
Disco Man

What are you doing  
Your life's in a ruin  
You're out of our head  
You ought to be dead

Down the stairs no-one cares  
He who wins is he who dares  
Rock n Roll lose control  
Just forget you're on the dole

But who are you taking for a ride  
Disco Man  
Better to run or else to hide  
worst in the land  
Disco Man  
one night stand  
Disco Man  
I can't understand  
Disco Man

Are you ready  
Are you ready  
For the disco man
