## Damned, Don't Bother Me

I say hello don't think that I don't know you're listening to me But please don't bother me Don't bother me

You bought this thing so I would sing about that awful nuclear thing I hope won't bother me Won't bother me

Your rolling stones and pop star clones don't even want to hear their moans I say don't bother me Don't bother me

Those men of steel I really feel are quite extremely unreal I wish they'd all just fade away

So here am I under the sky can I ask you Without a lie to please don't bother me Don't bother me

I'm in a hole just like a mole Don't give a toss lady in her mink stole Don't bother me Don't bother me

The people change they rearrange but stay the same It's awfully strange
But they don't bother me
Don't bother me

Until the day their troubles stray on to my patch Like tony hatch's 'crossroads' theme Please go away Go away Not interested
