

# Dan Auerbach, Mean Monsoon

Summer sun has got me crazy  
Playin' tricks with my poor mind  
You said you had another man  
And I said I guess I didn't mind

What's he got that I ain't got  
Besides stability?  
Can he drive all night and never stop?  
Well, I guess you'll have to wait and see

I heard a voice call to me  
Sayin', "Someday, you're gonna be free."

Put a dollar in the jukebox  
Don't you play our favorite tune  
'Cause seeing you dance to that  
Is only gonna bring me to ruin

Someday sunny sounds will sooth me  
But it won't happen soon  
'Cause the cloud you left hangin' over  
Is rainin' like a mean monsoon

I heard a voice call to me  
Sayin', "Someday, you're gonna be free."
