

# Dan Fogelberg, Road Beneath My Wheels

Well I'm a runnin' down the highway  
Got the road beneath my wheels  
Said I'm runnin' down the highway  
Got the road beneath my wheels  
Ain't nobody in this whole wide world  
Who knows the way I feel

Said my woman up and left me  
Left me for some other guy  
Said my woman up and left me  
Left me for some other guy  
You know I never understand it  
Though I try and I try and I try

Well I'm a runnin' down the highway  
Got the road beneath my wheels  
Said I'm runnin' down the highway  
Got the road beneath my wheels  
Ain't nobody in this whole wide world  
Who knows the way I feel
