Dan Hartman, Second Nature

Hey, hey I wanna read it In my magazine I wanna hear it On my radio

There's no limit To the magic Of this love That we know Whoa, whoa

And it's deeper Than any eye can see But it's more Than just a mystery This feeling's takin' over me

The way we do The things we do Second nature

The way we made Our fantasy come true Second nature

Well, it's a finger-snappin' Be-bop can't-stop thing Second nature Whoa, whoa

It's not enough To show you how I feel 'Cause this love I've got for you is really real

And it's a miracle of timing when it comes so naturally

And we're standing we're going strong And when other dreams Have come and gone Our love will keep us keeping on

The way we do The things we do Second nature

The way we made Our fantasy come true Second nature

Well, it's a finger-snappin' Be-bop can't-stop thing Second nature Whoa, whoa

You are my river You are my fire Overflowin' Getting higher and higher

And love will remain

Pulls me to the flame Then I'm burnin', burnin' Burnin', burnin' This feeling's returnin'

Second nature Second nature

In every lover's heart the story's being told With a message sayin' Ooh, I love you Ooh, I love you Ooh, I love you so

The way we do The things we do Second nature

The way we made Our fantasy come true Second nature

Well, it's a finger-snappin' Be-bop can't-stop thing Second nature Whoa, whoa

The way we do The things we do Second nature

The way we made Our fantasy come true Second nature

Can it be, I say can it be Second nature

Whoa, whoa
