

# Dan Hill, In Your Eyes

I think I finally know you  
I can see beyond your smile  
I think that I can show you  
That what we have is still worth while

Don't you know that love is like a thread  
That keeps unraveling the bed  
It ties us back together in the end

In your eyes  
I can see my dreams reflections  
In your eyes  
I found the answers to my questions  
In your eyes  
I can see the reason why our love's alive  
In your eyes  
We're drifting safely back to shore  
And I think I've finally learned to love you more

And you warned me that life changes  
And that know one really knows  
Whether time will make us strangers  
Or whether time will make us grow

Ohh, even though the winds of time will change  
In a world where nothing stays the same  
Through it all, our love will still remain

In your eyes  
I can see my dreams reflections  
In your eyes  
I found the answers to my questions  
In your eyes  
I can see the reason why our love's alive  
In your eyes  
We're drifting safely back to shore  
And I think I've finally learned to love you more

In your eyes  
I can see the reason why our love's alive  
In your eyes  
You and I  
We're drifting safely back to shore  
And I think I've finally learned to love you more
