Dan Hill, Seduces Me

Seduces Me

Everything you are, everything you'll be Touches the current of love so deep in me Every sigh in the night every tear that you cry seduces me

And all that I am and all that I'll be means nothing at all if you can't be with me Your most innocent kiss, girl, your sweetest caress seduces me

I don't care about tomorrow I've given up on yesterday Here and now is all that matters Right here with you is where I'll stay

Everything in this world
Every voice in the night
Every little thing of beauty
Is shining through your eyes
And all that is you
Becomes part of me too,
Cause all that you do seduces me

And if I should die tomorrow, I'd go down a happy man I thank God I've ever known you I fall down on my knees For all the love we've had

Every sigh in the night Every tear that you cry Seduces me, oh, seduces me And all that you do seduces me.
