

Dan Hill, You Say You're Free

You say you're free
Well your freedom's killing me
And I feel just like a statue
To be admired from a distance
My love collides with your resistance
Then bounces back inside of me
You say you're strong
Well your strength just shatters me
As I scramble for my pieces
But the puzzle keeps repeating
It seems so self-defeating
How we plan each move so carefully
Chorus:
And still we both hang on
We risk a night and greet the dawn
AN affair for you - for me a song
Then suddenly it's over
Two cynics passing through
I blew it - I fell in love with you
The thing I swore I'd never do
And now my love just turns you colder
you say you're trying to find yourself
Well I know how hard that is
And I wish that I could help you
To share while life keeps teaching
To share while you keep reaching
But you prefer to reach out privately
Repeat Chorus
you say you're free
Well your freedom's killing me
And I feel just like a statue
to be admired from a distance
My love collides with your resistance
Then bounces back inside of me
The pattern goes on endlessly
