Surprising you and others, we never leave, we lift, we conquer
Letting you discover, what a promise cast can offer
Keep in touch uncover, our tears left to drown no longer
Hold your breath, go under, rise again in lovely water

All our life this is just a call to be true, to me
All our life, I've been ___ close, so right, so what

Cleaning up the ___ steaming up ___ as my trust
___ start trouble, you ___ wish diminishing
This goes up to lovers, staying up embrace the ___

Keeping feet, get under
Looking back and forced to wonder

All our life this is just a call to be true, to me
All our life, I've been ___ close, so right, so what

Surprising you and others, we never leave, we lift, we conquer
Letting you discover, what a promise cast can offer
Keep in touch uncover, our tears left to drown no longer
Hold your breath, go under, rise again in lovely water
