All the world is dancing night and day  
Its feet are strongly beeded  
Africa dance with America  
From south to northen sea

Sing good night to Europe  
And dance with her from sea to ocean  
Light Europe, light from the starts above  
In a world of happiness and love

Here she com (here she come)  
Australia in a trance  
Just like a magic woman  
Through the sand (through the sand)  
From an exotic land  
She's here, Asia apears

Sing good night to Europe  
And dance with her from sea to ocean  
Light Europe, light from the starts above  
In a world of happiness and love

Sing good night...

Sing good night to Europe  
And dance with her from sea to ocean  
Light Europe, light from the starts above  
In a world of happiness and love
