

# Dance Dance Revolution, Dinamite Rave (B4 Za

Go, go, go, go...

C'mon everybody and get on the floor, yeah

Techno, rave  
It's time to make a stand  
N pave the way some might say  
Let it go, stay with the flow  
Stay on beat, move your feet  
On concrete  
Or on the dance floor  
You want more than I'll give you more  
If it's too hardcore  
Let me know  
I stop the show  
Then bring it back to be exact  
At 12 o'clock rock the spot  
It's too damn hot  
They told me so  
Dynamite rave  
It's on the down low  
Use your inner glow  
To make a move shown prove  
The man with the lisp  
Sounds so crisp  
When you can see me on TV  
On the radio  
Hear me blow

I don't wanna give up  
We're gonna have a party  
Have a really great time  
Yeah! Yeah! Just feel the beat  
Listen to the music and feel that beat

Aii-yai-yeah

Jump jump do your thing  
This be the bomb  
Try to sing  
Narrator king  
Spread your wings  
Make your head ring  
To this song  
All night long  
Jack your body  
To this party  
Feel the pain  
When you strain  
Don't be frame  
Please don't stop  
Until you drop

I don't wanna give up  
We're gonna have a party  
Have a really great time  
Yeah! Yeah! Just feel the beat  
Listen to the music and feel that beat
