

Dance Hall Crashers, Over Again

Stopped taking pictures long ago
Will probably be there tomorrow
I guess I'm having fun, I don't know
It's hard to tell anymore
Don't panic from the static in the air it's not there;
It's just a subtle form of insanity
Nobody ever want us that our heads had start to rot
As we see everything with meaning

Can't stand, no more, it's never ending.
Can't stand, anymore, let's go do it over again (repeat)

Late night TV is such a bore
Feels like I've seen this all before
Don't know if I can take anymore
I think my mind is going
Nothings funny but my smiles glued on
I don't bother taking it off at night
Nobody ever want me, then my head will start to rot,
Where's a poltergeist when you need it?

Can't stand, no more, it's never ending.
Can't stand, anymore, let's go do it over again (repeat)
(Repeat)

I'm gonna go lay down in front of the tyres
Please go and get some chicken wire
Tie me up in case I change my mind
Trust me you'll join me in time
As much as you think that I'm being too dramatic,
You'll be the only one here in static
You know I'm joking but then again at least it couldn't
Happen all over again

Can't stand, no more, it's never ending
Can't stand, anymore, let's go do it over again (repeat)

Love you, mean it, but it's never ending
Love you, may mean it, let's go do it over again (repeat)
