

# Dane Bowers, Another Lover

Tell me why it is that you  
Broke my heart for someone new (you broke my heart)  
Did I ever let you down?  
Why did you have to fool around?  
On me, baby, so why did you leave me?

Chorus

Does he give you all the love you need?  
Does he make you feel the way you want like I could (like I could)?  
Is he holding your body close at night?  
Is he giving you all the things you like?  
Tell me why you love another?

Now I hope you're satisfied since you made a fool of me (you made a fool of me)  
You didn't have to tell those lies when I can see it in your eyes  
That you ain't true and were cheating on me  
Now its time for you to know I'm twice the man that you let go  
But before I say goodbye, tell me the truth and don't deny  
Is he the one just ask yourself girl

Chorus

We both know that you were playing around  
When you're not home, so many lonely nights  
On my own wondering where you were  
Were you with him or your girlfriends?  
Baby what you're doing to me

Chorus x3
