

# Dane Bowers, Out Of Your Mind

Who do you think you are?  
Tellin' me I've gone too far  
You must be out of your mind  
Tellin' your friends I was buggin' you  
That you weren't being true  
Steppin' out of your mind

Open your eyes, boy you trouble me  
Expensive lies, but you're playing for free  
I gave you what you want, what you need  
My time is a wastin', but for you its a breeze

-----CHORUS-----

(V.B.) You're out of your mind  
Gonna make this really easy for you  
(D.B.) I'm not out of my mind  
(V.B.) Gonna show you I'm not crazy  
Boy, you're wasting my time  
(D.B.) I'm not wasting your time  
(V.B.) You're out of your mind  
(D.B.) You're out of your mind  
Out of your mind

Thinking you were someone special  
Time has shown and now I know  
How wrong I have been  
I'm always feelin' that you're usin' me, confusin' me, two-timin' me  
I can't remember  
How long has it been?

Open your eyes, boy you trouble me  
Expensive lies, but you're playin' for free  
I gave you what you want, what you need  
My time is a wastin', but for you its a breeze

-----CHORUS-----

You sing a song when people jump on you  
What this guy is saying can't be true  
All I'm saying is that some girls should trip  
Stop buggin' and buggin' me and if they want it, flip  
I like despise

Open your eyes, girl you trouble me  
Expensive lies, but you playin' for free  
I gave you what you want, what you need  
My time is a wastin', but for you its a breeze

-----CHORUS----- (x2)

True Steppers, you're out of your mind  
Ice cream, you're out of your mind  
Tub-a-lo, you're out of your mind  
Dane, you're out of your mind  
This tune's gonna punish you
