

# Danger Danger, Danger Danger - Crazy Nites

Me and the boys are goin' out tonite  
Gonna start a little trouble in town  
'Cause it's alright, yeah it's alright!  
Got my 350 Chevy with four on the floor  
Love to hear the sound  
Of the engine's roar  
What a feelin'  
What a feelin'

Cruisin' down the boulevard  
Searchin' for the queen of hearts  
Lookin' for some action  
Whoa oh ooh whoa oh

Just another crazy nite  
Havin' such a good time  
We'll forget the mornin' after  
Just another crazy nite  
Flirtin' with disaster  
But it feels so right  
Oh yeah! Just another crazy nite

All day long I hear the same 'ol thing  
Get a haircut boy and grow up!  
But I ain't gonna change  
Not for anyone!

'Cause we look so cool  
In our torn blue jeans  
Holes in the pockets  
Where our money used to be  
No it don't come cheap

Livin' on a broken dream  
Hangin' on to 17  
Gonna make it last forever  
Whoa oh ooh whoa oh

Just another crazy nite  
Havin' such a good time  
We'll forget the mornin' after  
Just another crazy nite  
Flirtin' with disaster  
But it feels so right  
Oh yeah! Just another crazy nite

Livin' on a broken dream  
Hangin' on to 17  
Gonna make it last forever

Just another crazy nite  
Havin' such a good time  
We'll forget the mornin' after
