

Danger Danger, One Step From Paradise

DANGER DANGER - One Step From Paradise {B. Ravel, S. West}

We live like strangers playing for time
Both of us reaching out for something
Hiding our feelings afraid what we'll find
Someday I know we'll find the answer

Bridge:

If it takes a little time, it doesn't really matter
Don't throw it all away 'cause we're

Chorus:

One Step From Paradise
So close and still so far away
One Step From Paradise
Together we'll find Paradise someday

Lost in the shadows, we search for a light
Hoping the candle burns forever
