

# Danger Doom, El Chupa Nibre

(Brak)

Why did you buy this album?  
I don't know why you did, you're stupid

&quot;{Fuck} yourself&quot;;

(MF Doom)

Ha ha ha ha!

The super flow with more jokes than Bazooka Joe  
A mix between Superfly Snuka and a superhoe  
Chew a MC like El Chupa Nibre  
Digest a group and sell the poop on eBay  
Danger with the vest screamin &quot;Shoot the DJ!&quot;;  
Doom clickin over two chickens, three-way  
Four in the 5, a cork on the freeway  
Villain find a way to make 'em pay whatever we say  
... state your intentions  
&quot;I really love your tape but I hate your inventions&quot;;  
Very well - what you want, a brownie?  
He took off the mask and whispered &quot;Put me where you found me&quot;;  
He kept his paper digits in a chunk  
Once joined a rap click - midgets into crunk  
He did a solo on the oboe  
Coulda sold a million then the Villain went for dolo  
... and cited creative differences  
Basically they hated, he left no jaded witnesses  
Rappers suck, when they spit I doubt 'em  
The crap they sing about you'll wanna slap the {fuckin shit} out 'em  
Psht - time waits for no man  
On a blind date, a love with a slow chrome hand  
Judged him by his shoes, hot smelly Brogan  
Budged him with the news, called him pot-bellied Conan  
... no prick barbarian  
A strict bear-atarian, a sick pair of merry men  
The beat is like a swift kick in the rear end  
The stiff {dick} made her lose her lipstick and hairpin  
He said &quot;Djammn! Act like you know me  
Even with the mask on, show me what you owe me&quot;;  
Tell her brush her grill and wash her face and {twat} homey  
Dumile got her like Inuyasha got Kagome  
What we have here is a failure to communicate  
If you gonna hate, might at least get your rumors straight  
about Doom the Great, a lot more confident  
Came a long way since the days we had to rhyme for rent  
It was time well spent, vented  
Spelt and dented, hell-bented and heaven-scented  
A wire is dead, he's in it for the cash flow  
I'd like to send a big up to Firehead Lazzo  
Let a brother know once you lasso Hasbro  
So when he come with Destro he gets no hassle  
... could hardly get a word in and  
wonderin what the damage is to retain Harvey Birdman?

(\*BEEP!!\*)
