

# Danger Radio, Your Kind (Speak To Me)

I saw you standing there in front of me  
To some degree  
Thought I could be  
Someone who shows you possibilities  
But the latency is killin' me

You crush me with your stare  
I suddenly turn so aware  
(Ooh)  
You're not the type of girl I should be with  
But I don't care  
(Ooh)

Caught me  
Inside I know I'm fighting  
But I still keep on trying  
To get to you  
Keep breathing  
I know you're so deceiving  
But I can't help  
That I'm so hooked on you

Speak to me  
Wish you could see  
You're always on my mind  
The things you do  
All your pursuits  
Trying to keep a distance  
I know your kind

Speak to me  
Wish you could see  
You're always on my mind  
The things you do  
All your pursuits  
Trying to keep a distance  
I know your kind

She quickly finds her way inside of me  
Brings me so close, I can't compete  
My nerves are shocked from the anxiety  
I'm trembling  
But then it hits me

I'm not the type of man  
To sit and stare, I understand  
(Ooh)  
But I keep gravitating to you  
It was so unplanned  
(Ooh)

Caught me  
Inside I know I'm fighting  
But I still keep on trying  
To get to you  
Keep breathing  
I know you're so deceiving  
But I can't help  
That I'm so hooked on you

Speak to me  
Wish you could see  
You're always on my mind  
The things you do

All your pursuits  
Trying to keep a distance  
I know your kind

Speak to me  
Wish you could see  
You're always on my mind  
The things you do  
All your pursuits  
Trying to keep a distance  
I know your kind

Keep setting aside everything  
That I was told about you  
Can't get you off my mind  
Can't seem to find a way  
To leave you behind  
And forget  
Or rewind

Speak to me...  
Speak to me...  
Speak to me...  
Speak to me...

Speak to me  
Wish you could see  
You're always on my mind  
The things you do  
All your pursuits  
Trying to keep a distance  
Because I know your kind

Speak to me  
Wish you could see  
You're always on my mind  
The things you do  
All your pursuits  
Trying to keep a distance  
Because I know your kind
