

Daniel Amos, Real Girls

Girls with cars
Girls with cameras
Girls on game shows
Girls behind glass
Who are the real girls?
What's happened?
Who are the real girls?
Who are the real girls?...
What's happened to women?
Who's on the seat of election
This casting couch of moral rejection
Men, muscle-bound without affection
Those who exercise subtle seduction

Girls in ads
Girls with big wigs
Girls incognito
Girls on display
Who makes the sacrifice?
Who pays the price?
They live the cheap life
Low budget still life
What makes a real life?
Who are the real girls?
What's happened to virtue?
What's happening to people?
Some females, they don't see heaven
And he-men deflect their vision
Angels grieve their indecision
God escapes their imagination

Girls - what are the statistics?
Girls - one out of two?
Girls - one out of ten?
Girls - is she one in a million?
Who is the real girl?
Who are the real girls?
Who is the real girl?
Who are the real girls?
I want to know who are the real girls?
