

# Daniel Caesar, Cool

Try your best to keep composure  
Don't give up all of your smiles  
Push away and they'll come closer  
Ain't been touched in a while

Sometimes  
I get too excited  
Stars behind my eye lids  
Sometimes  
I'm nodding in agreement  
I don't agree they see it

Play it cool  
Do a favor just for you  
Cool  
Be colder just for you

Try your best to calm it down  
Don't give them all of yourself  
'Cause one day they won't be around  
Can't go to them for help

Sometimes  
I see myself, five foot four  
Playing in my room alone  
Sometimes  
I see myself amused in thought  
A nigga had no friends at all

Play it cool  
Do a favor just for you  
Cool  
Be colder just for you
