

Daniel Cage, Burn

All i know is when I grow I wont feel like I do
Love could turn and I feel it burn
So i Chase after you You covered me in sun
But now I'm free, Now I'm free

Chorus

All I see is beautiful and I see it slip away
All I see is beautiful But I , I see it burn

The sugars sweet and I am complete
At least i feel today
before to long, I'll hear the song
And turn to walk away
I covered you in sun
But now I'm free, I'm free

Chorus
