

Daniel D, The Truth

Just wanna be so good to you and everything you need
I only wanna see you smile I just wanna make you happy
And even if you're far away I know that I'll miss you
I promise that my love won't change I will always be in love with you

I promise I'll be a good man that I'll always listen to every word that you may say
No I won't neglect you but only respect you and give you the love that you need babe
Please say that you love me, please say that I'm everything to you
Please say that you miss me as much as I miss you
Now baby believe me, I gotta be everything to you
And baby just trust me, I swear this is the truth

And you know you're the one for me, I swear this is the truth
See many faces pass me by but there's nobody quite like you
And I know so many times and many times before
Love has only let you down but I swear I'll give you so much

I promise I'll be a good man that I'll always listen to every word that you may say
No I won't neglect you but only respect you and give you the love that you need babe
Please say that you love me, please say that I'm everything to you
Please say that you miss me as much as I miss you
Now baby believe me, I gotta be everything to you
And baby just trust me, I swear this is the truth

La la la la la la la la la la la la la la etc..

If you need a reason, a justification, it's simply inside your eyes
There's no need to question with my own affections, it's something that I can't hide (something that)
Ohhh, baby
Sayin' gotta believe oh and I don't want to lose you but be so good to you I've gotta have you in my
You better believe it baby
