

# Daniel Powter, Best Of Me

I wasn't mean the wrong way  
Won't you do me the right way  
Where you gonna be tonight  
Coz I won't stay too long

Maybe you're the light for me  
When you talk to me it strikes me  
Won't somebody help me  
Coz I don't feel too strong

Was there something that I said  
Was there something that I did  
Or the combination I broke that did me have

You know I'm hoping you sing alone  
Though it's not your favorite song  
Don't wanna be the wind just nothing left to say  
You know that someone those spin again  
When you do you need a friend  
Don't wanna be the wind just nothing left for me  
And I hate the thought finally been erased  
Baby that's the best of me

Everything's behind you  
But the whole place I sit besides you  
Living in every moment  
Have I wasted all your time

Was there something that I said  
Was there something that I did  
Or the combination I broke that did me have

You know I'm hoping you sing alone  
Though it's not your favorite song  
Don't wanna be the wind just nothing left to say  
You know that someone those spin again  
When you do you need a friend  
Don't wanna be the wind just nothing left for me  
And I hate the thought finally been erased  
Baby that's the best of me  
Baby that's the best of me

You know I'm hoping you sing alone  
Though it's not your favorite song  
Don't wanna be the wind just nothing left to say  
You know that someone those spin again  
When you do you need a friend  
Don't wanna be the wind just nothing left for me  
And I hate the thought finally been erased  
Baby that's the best of me
