

# Daniel Powter, Stupid Like This

Well I don't know what to do when things go wrong  
And it's a hopeless situation  
God knows how  
And I know  
And I find  
Some peace of mind

How is the man that talks about you now?  
It became a hopeless situation when he left town  
And I know  
Yeah I know  
This peace of mind

Cause I'm stupid like this  
And I'm stupid like that  
I'm stupid cause I make a mess of things to get you back  
I never wanna see you're happy without me  
I wish I could've been somebody else  
Been somebody else

Standing in a single spot of compromise the things we all have to say that no one ever knew  
A drink expense the ride you caught  
The college's girls think I'm a joke

The day's of run have past  
Each one's like the last  
Yeah yeah...

Cause I'm stupid like this  
And I'm stupid like that  
I'm stupid cause I make a mess of things to get you back  
I never wanna see you're happy without me  
I wish I could've been somebody else

Each one's like the last...
