4 million fans and they sing along

Watch me dad when I ride past
If that's to much swag
Even on my hover board

I should have a party I'm thinking
Musically all in my head
When I'm dreaming
Everybody wanna copy what I'm singing
I'm a star in the making come and see us

We worry about nothing
My and my girls stay jumping
Home and I stay together
Cause me and my girls we love to rule
Get freaky hit that movies
Where the boys can't go

Mrs. I got a million views

now this way is too easy for me
all the boys on the block like Sesame Street
yeah, Dani back at it again /2x

No way I ain;t got time no waste
No way what's the name of that app you been singing

Dani so fab
Dani so glam

Dani ion the music app
With all of the friends
You all need help I flexing in here
Where now tune into the song of the year

Juju it's a habit
It's way to easy like a beauty pageant
Do what you please
Do what you want
Mrs. Cutie back life with the Marilyn heart
