

Dannii Minogue, Put The Needle On It (Cicada Vocal Mix)

All my freaks say

Put the needle on it, I tell you where I want it,
Come on and spin me on it, all my freaks say (x4)

Put the needle on it (x8)

Put the needle on it, I tell you where I want it,
Come on and spin me on it, all my freaks say (x6)

All my freaks say (x3)

Take the bait, bite the line, I got the place, you got the time,
I'm lickin my lips, did I make you blush?
I let you in, the sweat you're in, the temperature is risin',
So hot, I may wanna take my clothes off

Come inside, you're drippin' desire, let the music make you rise up
Dirty hands is what I demand, let the music make you rise up

Put the needle on it, I tell you where I want it,
Come on and spin me on it, all my freaks say (x4)

All my freaks say (x3)

I dare you now, to be bad, do you want the best you've ever had?
You look so tame boy, let me wild you up
Keep the lights dark and low, I'll keep you up all night
Until you feel it vibrating through your bones

Come inside, you're trapped inside, let the music make you rise up
Dirty hands is what I demand, let the music make you rise up

Put the needle on it, I tell you where I want it,
Come on and spin me on it, all my freaks say (x4)

All my freaks say

Put the needle on it, I tell you where I want it,
Come on and spin me on it, all my freaks say (x2)

Put (x3)
All my freaks say
Put (x3)
All my freaks say
All my freaks say
