Dante Thomas, Guilty

Shadows falling Baby we stand alone
Out on a street anybody we meet got a heardache of their own
Making a crime to be lonely or sad
You got a reason for living
You better love with the love you live it on
You gotta be mine
We take it away
It's gonna be night and day just a matter of time

Chorus:
And we got nothing and we got nothing to be guilty of
Our love can climb any mountains
Near or far, we are
And we never let it end
We got devotion
And we got nothing to be sorry for
Our love is one in a million
Eyes can't see that we got a highway to the sky
I don't wanna hear your good-bye

Hoces racing Darling how great we are
Little by little we made in the middle this danger in the dark
Making a crime to be out in the cold
You got a reason for living
You better long with the love you building on
You gotta be mine
We take it away
It's gonna be night and day just a matter of time
