

# Danzig, Dirty Black Summer

no summer in the wintertime  
will keep you warm  
like a funeral pyre  
and nothing  
like an august night  
drenched  
in your loving  
i got a dirty  
black summer

and nothing  
in the coolest light  
cant stop the walking out across  
the line  
no holding back the summer night  
i got a feeling

it's just a dirty  
black summer
