Danzig, End Of Time

The suffering's here
The wait is gone
The streets are filled
Wiath a hollow song
Got a new death
It lurks outside
Follows me home
Waiting for me

Lost your soul Doomed and cold Yea Lost your soul Doomed and cold Yea

A hum in the ear Numbness comes Feeling like you're almost home The open amrs Tempting embrace It's always been Waiting

Waiting at the end of time for you And you'll be too Yea

The suffering's here
The wait is gone
The streets are filled
With a hollow song
Empty world
Of listless night
I pray to thee
I suffer blind

Waiting at the end of time for you And you'll be too Yea

Lost your soul Doomed and cold Yea Lost your soul Doomed and cold Yea Right

Waiting at the end of time for you And you'll be too Yea

Lost your soul
Doomed and cold
Yea
Lost your soul
Doomed and cold
Yea
Lost your soul
Doomed and cold
Yea
Lost your soul
Doomed and cold
Yea
Lost your soul
Doomed and cold
