

Danzig, Hand Of Doom

Slip the knife right in
Blood is running red
Cut the stomach right
I start to crawl inside

Pull the skin apart
Now it's getting hard
Start to slip right in
Blood is getting thin

See the world surround
Watch the bloody ground
Put her in the ground
Her cum is all around

Put my finger in
It's just a little thing
When I take it out
It's in a bloody mouth

Make my dying bride
I part the bloody hide
Put my dick right in
Her cum is getting thin
