

# Danzig, It's Coming Down

God and life  
They don't come free  
Crown of thorns  
Strung through their teeth

It's coming down  
It's coming down  
It's coming down  
It's coming down

Sin and sweat  
They taste so sweet  
Comes the rush  
An angel screams

It's coming down  
I'm on fire and I need a hole  
It's coming down  
I'm on fire and I need a hole  
It's coming down  
I'm on fire and I need a hole  
It's coming down  
I'm on fire and I need a hole  
Yeah

Love and death  
They don't come clean  
Crown of thorns  
To make you bleed

It's coming down  
I'm on fire and I need a hole  
It's coming down  
I'm on fire and I need a hole  
It's coming down  
I'm on fire and I need a hole  
It's coming down  
I'm on fire and I need a hole  
It's coming
