

# Danzig, White Devil Rise

white  
devil  
rise

you speak my name, I do not mind  
to give me credit is so kind  
I'm flattered that I have your fear  
you wake the sleeping demon here

white  
devil  
rise

I hear the lies  
brotherhood at my side

you call me white, you bet I am  
now see my beast rise up in flames

white  
devil  
rise

stare at the ashes of the ages  
stand a devil up inside  
pray to a god that cannot help you  
my beast will feast upon his eyes

white  
devil  
rise
