

Danzig, White Devil Rise

white
devil
rise

you speak my name, I do not mind
to give me credit is so kind
I'm flattered that I have your fear
you wake the sleeping demon here

white
devil
rise

I hear the lies
brotherhood at my side

you call me white, you bet I am
now see my beast rise up in flames

white
devil
rise

stare at the ashes of the ages
stand a devil up inside
pray to a god that cannot help you
my beast will feast upon his eyes

white
devil
rise
